YAUHENI BUKA

SOFTWARE ENGINEER | BACKEND / FULL-STACK

Warsaw, Poland | +48 571 333 394 | yauhenibuka@gmail.com
github.com/slading | yauheni-buka.vercel.app

PROFILE

Software engineer focused on backend systems, full-stack applications and AI-assisted development. Built a booking platform for a real two-location salon business and developed Python-based AI and operations prototypes. Experience translating requirements into tested implementations, reviewing generated code and deploying applications.

SELECTED PROJECTS

N2D Nails | Two-Location Booking Platform | GitHub

- Built customer booking and staff workflows for a real two-location salon business: service selection, availability, cancellations, rescheduling and scheduling views.
- Used Supabase Auth, PostgreSQL Row-Level Security and server-side RPCs to enforce booking rules and atomically revalidate capacity.
- Supported configurable opening hours, service durations, photo uploads and a bilingual customer interface.

AI RFQ Operations Agent | B2B Quotation Engineering Prototype | GitHub

- Developed deterministic quotation logic for product matching, tier pricing, stock, delivery schedules, discounts and totals.
- Implemented Python/Pydantic models, SQLAlchemy 2.0 persistence, Alembic migrations and SQLite constraints.
- Added explicit review/blocking rules, audit evidence and pytest regression checks for business-critical behavior.

SentinelAI | Transaction Risk Analysis Prototype | GitHub

- Built a Python/FastAPI risk-analysis pipeline combining deterministic transaction signals with structured Groq LLM outputs.
- Developed an investigation interface with REST/SSE integration and audit logging; deployed frontend changes to Vercel.

TECHNICAL SKILLS

Languages: Python, TypeScript, JavaScript, SQL, HTML, CSS

Backend & data: FastAPI, Node.js, Pydantic, SQLAlchemy, Alembic, PostgreSQL, SQLite, Supabase, REST APIs

Frontend & tools: Astro, JavaScript, Supabase Auth, Git/GitHub, Docker, Vercel

Quality & AI: pytest, Ruff, integration/regression testing, LLM APIs, structured outputs, AI coding agents

EDUCATION

CKU #1, Warsaw | General secondary education for adults | Expected 2027

LANGUAGES

English - Fluent | Polish - B2 | Russian - Native
